

TALY Breezes Through Swing Testing

Averages 308 Yards With Driver

The results are in and Taly made it look easy. Not only did he back up his claims of driving the ball 300 yards without swinging his arms, he averaged 308 yards in the process. Of the five drives tested, only one was below 300 yards; and it still traveled a distance of 289 yards. Taly's also cranked out a 319 yard drive on his final swing. Results ...

Testing carried out by Max Out Golf: The PGA Performance Lab of Southern California.
